## Capability Statement

Established in 1987 then expanded in 2006, Ed's Precision Manufacturing, LLC is a full-service machine shop that is currently housed in a 40,000 square foot facility with over 45 CNC Machines that can handle various grades of materials including super nickel alloys, aluminum bronze and plastic for outsourced manufacturing jobs. The range of our capabilities includes fastener manufacturing as small as 1/16" in diameter to large job-shop parts up to 30 inches in diameter and 8 feet in length. Our infrastructure is designed to optimize efficiency and support high-volume production, ensuring we meet and exceed industry standards.

### CORE COMPETENCIES

- Complex CNC Machining
- Precision CNC Turning: Multi-Axis, Sub-Spindle, Live Tooling
- Precision CNC Milling: Multi-Axis, Vertical, Horizontal
- Turn-key Contract Manufacturing
- Wire EDM Services
- CMM Dimensional Inspection
- Quality Assurance

### NAICS CODES

- |        |  |
|--------|--|
| 332111 | Iron Steel Forging                     |
| 332112 | Nonferrous Forging                     |
| 332510 | Hardware Manufacturing                 |
| 332710 | Machine Shops                          |
| 332721 | Precision Turned Product Manufacturing |
| 332722 | Bolt, Nut, Screw, Rivet, and Washer    |
| 333517 | Machine Tool Manufacturing             |

### DIFFERENTIATORS

- Job Shop Manufacturing w/ Multi-Axis Swiss
- High Volume Production Quality Runs & Prototypes
- Visual Manufacturing ERP Software
- Rapid R&D
